From my understanding, because we are still using the genesys phones, our calls are not recorded. Shamara mentioned the caller called from a block number.

Importance: High

Hey Folks,

Thanks again for forwarding and taking our calls.

A few quick follow-ups:

- Do we have the number of the caller?
- Do we record the phone calls that come in?

An immediate response to this would be appreciated.

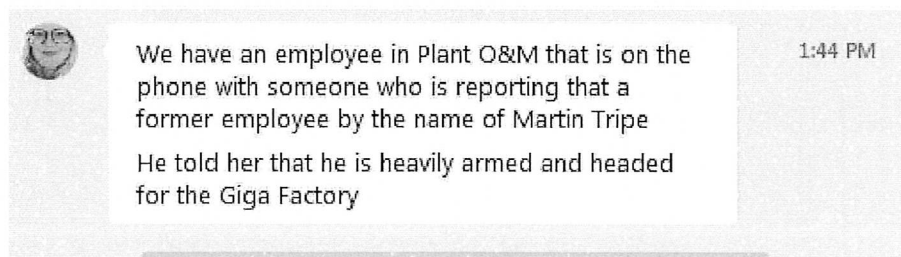

-Avery

Received a call

Caller preferred to remain unknown. Friend of Martin Tripp is concerned that he may do something violent & volatile. Says he is concerned because he's very hostile & very well armed.
